MICRO CHANNEL

NO FIXED WIRING
Simply plug the unit into a power point, no dedicated circuit or fixed wiring required.

DUAL ANODES
Twice the corrosion protection with dual full length anodes. Reduces costly maintenance and gives peace of mind in hard water areas.

MICRO-CHANNEL CONDENSER
Unique micro-channel condenser has a larger contact surface area for faster heat transfer and exceptional performance.

HEAT PUMP COMPRESSOR
Specifically designed for heat pumps to maximise operating efficiency and service life.

BASE HEAT EXCHANGER
The unique base heat exchanger ensures total tank heating to maximize hot water delivery and efficiency.

Save over 70% in your hot water heating costs
